

MANIPAL INSTITUTE OF TECHNOLOGY

MANIPAL

(A constituent unit of MAHE, Manipal)

Date: June 04, 2020

Dear *Students*,

The COVID -19 has posed unprecedented challenges to all of us and hampered our regular teaching-learning process in unique ways. The situation demanded that we face the challenges in the best possible way considering the interest of all the student community.

MIT, Manipal initiated online learning measures as the first step to engage our student community constructively and thank the entire student community and the parents for their wholehearted support and engagement during this period.

Subsequently, we have successfully completed Assignment 3 and Assignment 4 through online mode. The final evaluation of the Lab Sessions are also taking place via online mode, all of which again was very well responded to by the students.

The process aims to complete all the required in-semester assessment before June 30, 2020 and the end semester by July 25, 2020 as per University guidelines.

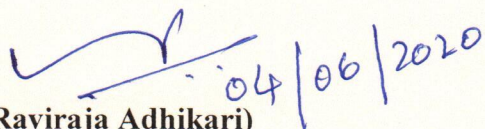

For the Sessional Test 2 scheduled from June 08, 2020, kindly find the supporting material in the attachment as under:

1. Detailed Instructions for Sessional Test II
2. PEXA Lite Examination Tool Description
3. PEXA Lite User Manual
4. **Schedule of Mock/Training Sessions** for familiarization on the examination platform.
5. Examination HelpDesk Numbers

An **Examination HelpDesk** comprising of faculty coordinators of each department will help you address any query related to the software or any other issues concerning sessional and end semester examinations, before or during the examination schedule. Students or parents are kindly requested to reach out to the respective helpline numbers mentioned in table given below.

If your examination concerns are still unresolved after reaching the HelpDesk facility, you are requested to mail to: examgrievance.mit@manipal.edu

Best wishes to all of you.

(Dr. Raviraja Adhikari)

Associate Director - Academics
